REPORTED DIET & TRAINING NOTES · MICHAEL B. JORDAN

The Boxer's Six-Meal Plan

Lean protein, whole grains, greens — and one cheat day a week

SOURCED FROM PUBLISHED INTERVIEWS · NOT AFFILIATED OR ENDORSED

About this ebook

Michael B. Jordan worked with trainer Corey Calliet to look like a professional boxer on screen. The reported diet was strict but strikingly simple.

This ebook is an independent summary of publicly available interviews and articles. It is not affiliated with, authorised or endorsed by Michael B. Jordan, their trainers, representatives, or any film studio. Names are used only to identify whose publicly reported routine is being described. Every reported fact is paraphrased and numbered to its source on the final page. Sections marked **Valtair adaptation** are our own general suggestions, not the celebrity's plan. This is general information, not medical, nutritional or dermatological advice — check with a qualified professional before changing your diet, training or skincare, especially if you are pregnant, take medication or have a health condition.

What was reported

1. Jordan trained with personal trainer Corey Calliet and followed a strict diet for the boxing films.[1]
2. The diet emphasised lean proteins — egg whites, chicken, fish — with whole grains and fresh vegetables.[1]
3. E! Online reported six small meals a day.[1]
4. A meal plan reported by Men's Journal included egg whites and a whole egg, protein shakes, about 8 oz of lean protein per meal, 35–65 g carbs, green vegetables and a teaspoon of oil in the last meal.[1]
5. He had one cheat day a week; Calliet said he'd never seen anyone eat as many cheesesteaks while filming in Philadelphia.[1]
6. Jordan on set: 'Literally in the middle of takes, I would just be eating food' — chicken, rice and broccoli.[1]

A reported day

WHEN	WHAT
Meal 1	Egg whites + one whole egg
Meals 2–5	~8 oz lean protein, 35–65 g carbs, green vegetables
Shakes	Protein shakes around training
Meal 6	Lean protein, greens, 1 tsp oil
Weekly	One cheat day

Structure as reported by Men's Journal and E! Online (via Business Insider).

TRAINING NOTES

- Boxing-style conditioning plus strength work made the high meal frequency practical.
- Eating between takes was about convenience — prepared food beats willpower.

CHAPTER 3

The principles

Strip away the film budget, private chefs and trainers, and the reported approach comes down to a handful of repeatable rules. These are our plain-English take on them:

VALTAIR ADAPTATION

- 4–6 smaller meals built around lean protein.
- Weigh or measure portions for the first 2 weeks to learn sizes.
- Greens with most meals; carbs around training.
- One planned treat meal a week — then back to normal.

PORTION GUIDE (HAND METHOD)

FOOD	PER MEAL
Protein	1–2 palms
Vegetables	1–2 fists
Carbs	1–2 cupped hands
Fats	1–2 thumbs

Smaller or less active? Use the lower number. Larger or training hard? The higher one.

Your 7-day plan

An original, everyday-budget week inspired by the principles — **not** the celebrity's actual menu. Indian-kitchen friendly; swap freely.

Style: High-protein, portion-controlled week

	MORNING	MIDDAY	EVENING
Day 1	Egg whites + 1 egg, oats	Grilled chicken / paneer + veg	Fish, rice (1 cup), greens
Day 2	Moong chilla + curd	Tuna / chana salad	Chicken tikka, quinoa, salad
Day 3	Greek yoghurt + berries + seeds	Soya chunks pulao (small)	Tofu / fish, sweet potato, veg
Day 4	Besan chilla + egg whites	Sprouts + cottage cheese	Chicken, brown rice, broccoli
Day 5	Oats + whey	Paneer bhurji + 1 roti	Fish curry (light), red rice, veg
Day 6	Idli + sambar + boiled eggs	Chicken salad wrap	Dal, sabzi, 2 rotis, curd
Day 7	Planned treat meal	Fruit + yoghurt	Light dinner: soup + grilled protein

Add vegetables generously. Vegetarian? Use paneer, tofu, soya, dal and curd for protein.

CHAPTER 5

Shopping list

One week, one shop. Tick as you go.

PREP IN 60 MINUTES (SUNDAY)

- Cook a big pot of rice or quinoa and one dal.
- Grill or bake 1 kg of protein; portion into boxes.
- Wash and chop vegetables for 3 days.
- Portion nuts and snacks into small bags.

CHAPTER 6

Read this first: cautions

- A cheat day works best as a planned meal or two, not a 24-hour binge.
- Six meals is optional — three meals and two snacks can hit the same totals.
- Celebrity transformations are short-term, supervised and often timed to a shoot. Sustainable progress is slower — and that is normal.
- Stop and see a doctor if you feel faint, unwell, or your relationship with food starts to feel stressful.

4-week tracker

Count the days per week you managed each habit (0–7).

HABIT	W1	W2	W3	W4
Hit protein at every meal				
Ate mostly whole foods				
Drank 2–3 L water				
Trained / walked				
Slept 7+ hours				
Weekly weigh-in / photo
