About this ebook

Deepika Padukone credits her mother with the beauty rule she still follows: less is more. She describes three basics done daily, and puts as much weight on sleep and lifestyle as on products.

This ebook is an independent summary of publicly available interviews and articles. It is not affiliated with, authorised or endorsed by Deepika Padukone, their trainers, representatives, or any film studio. Names are used only to identify whose publicly reported routine is being described. Every reported fact is paraphrased and numbered to its source on the final page. Sections marked **Valtair adaptation** are our own general suggestions, not the celebrity's plan. This is general information, not medical, nutritional or dermatological advice — check with a qualified professional before changing your diet, training or skincare, especially if you are pregnant, take medication or have a health condition.

CHAPTER 1

What was reported

1. She describes her routine as three basics: cleansing, intense moisturising and daily sunscreen.[1]
2. Her mother taught her 'less is more'.[1]
3. She says results come from consistency — 'day in and day out.'[1]
4. She calls sleep 'so underrated' and says nutrition, hydration and exercise matter as much as products.[1]
5. She recommends 5–10 minutes a day of self-care — exercise, yoga, meditation or skincare — and says that applies to men too.[1]
6. She has highlighted ingredients such as bakuchiol, which she calls 'nature's retinol'.[1]

CHAPTER 2

The reported routine

Left: what was reported. Right: a budget-friendly equivalent (**Valtair adaptation** — no brand endorsements, choose what suits your skin).

STEP	REPORTED	YOUR VERSION
Cleanse	Daily cleanse	A gentle cleanser for your skin type
Moisturise	Intense moisturising	A moisturiser — richer at night, lighter by day
Protect	Daily sunscreen	Broad-spectrum SPF 30+ every morning

Products and steps reported at the time of the source articles; routines change.

Make it yours: by skin type

The same idea, tuned to your skin. General guidance only.

SKIN TYPE	ADJUST LIKE THIS
Oily / acne-prone	Gel cleanser; light non-comedogenic moisturiser; niacinamide or salicylic acid a few nights a week; matte SPF.
Dry	Cream or milky cleanser; richer ceramide moisturiser; hydrating serum (glycerin / hyaluronic); cream SPF.
Combination	Gentle gel-cream cleanser; lighter moisturiser on the T-zone, richer on dry areas; SPF every morning.
Sensitive	Fragrance-free everything; fewer steps; patch-test new products for 3 days on the jaw; mineral SPF often tolerated better.

INTRODUCE ONE PRODUCT AT A TIME

Wait about two weeks between new products so you know what is helping — or irritating.

CHAPTER 4

The lifestyle side

- Sleep is 'so underrated' — protect 7–9 hours.
- 5–10 minutes of daily self-care.
- Consistency over complexity.

MORNING / NIGHT CHEAT CARD

MORNING	NIGHT
Cleanse (or rinse)	Remove makeup & SPF
Serum (optional)	Cleanse
Moisturise	Treat (optional)
SPF 30+	Moisturise

CHAPTER 5

Read this first: cautions

- Patch-test every new product or DIY mix on your jaw or inner arm for 24–72 hours.
- Celebrity skin is also shaped by professional facials, make-up artists, lighting and editing — be kind to your own reflection.
- Retinoids and strong acids: avoid during pregnancy unless a doctor approves, and always wear SPF.
- Kitchen ingredients (lemon, raw spices) can irritate; skip them if your skin is sensitive.
- Persistent acne, rashes or pigmentation deserve a dermatologist, not more products.
